The positions of the planets and house cusps at the time of your birth are given below. The interpretation of this astrological data is divided into ten chapters as follows: I. Your General Nature, II. Inner Responsiveness, III. Mentality, IV. Inner Needs - Desires - Sexuality, V. Energy - Drive - Activity, VI. Expansiveness - Growth - Success, VII. Seriousness - Concentration - Limitations, VIII. Originality - Spontaneity - Independence, IX. Imagination - Ideals - Sprituality, X. Compulsiveness - Fate - Mission.

### General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

## Chapter I. Your General Nature

### Approach, Attitude

Your appearance of inner breadth and scope is exciting, though some may feel insecure that they can't match your energies or enthusiasm. Make special effort to include others and give them room to contribute the special things they have to add to you.

*Ascendant in Sagittarius*

### Key Quality

Your inner inclination to give everyone their due and the benefit of the doubt may make your affections appear too spread out or uncommitted to some, when in fact the opposite is the case. You are intensely loyal, just not blindly exclusive.

*Sun in Aquarius*

### Key Activity

You place a high value on the substance of things and your efforts in dealing with others will be on the most moral of levels, not necessarily traditional morals, but strong inner standards which you and others must live up to in order to be close.

*Sun in Second House*

### Chapter Highlights

Lack of confidence in personal relationships is your greatest stumbling block, fueled by a shortage of inner self-esteem. Both who you are and what you do are better than you think, so try listening to others' critiques instead of your own jeremiads.

*Sun Square Saturn Orb: 00°03'*

You project a very warm, heartfelt quality because you are usually consistent in your inner direction and your personality style compliments your aims and desires. An open hand goes with an open heart, but keep a guard in reserve for insurance.

*Sun Conjunction Venus Orb: 00°08'*

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

*Moon Sextile Sun Orb: 04°28'*

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

*Sun Trine Jupiter Orb: 07°40'*

## Chapter II. Inner Responsiveness

### Key Quality

Your first response to a situation is a good word and a laugh, even when things are dire, so you will be a source of cheer and stress relief to others. You treasure the ability to change your feelings as the situation dictates and avoid emotional stasis.

*Moon in Sagittarius*

### Key Activity

You have a flair for making friends in the right places, as your response to situations always shows class (in the truest sense of the word). Don't let this get you in over your head in situations where you would rather back off & quietly be yourself.

*Moon in Eleventh House*

### Chapter Highlights

You have an easy style of reception and desire, knowing just how much you want in a relationship and just how much you can get, the two usually being rather closely matched. The ease of friendship is more familiar than the pain of unrequited desire

*Moon Sextile Venus Orb: 04°20'*

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

*Moon Sextile Sun Orb: 04°28'*

## Chapter III. Mentality

### Key Quality

Your mind is likely to grasp all sides of a relationship, including some that aren't there, at least not yet. You may thus seem to your partner to be treating him/her in a slightly unreal manner. Concentrate on what's going on now, with an eye ahead.

*Mercury in Aquarius*

### Key Activity

You can do a lot for a partner by using your intellect to ground his or her ideas so they bear greater fruition. You have the talent to make ideas tangible, though flightier types might think you a stick-in-the-mud for it. Go ahead and reap the rewards!

*Mercury in Second House*

### Chapter Highlights

To the extent that you speak well of yourself, others will, too. You have a gift for self-promotion that is fairly effortless so you probably do best when you don't think about it too hard. A few words in the right places work for you doubletime.

*Mercury Trine Midheaven Orb: 01°44'*

A native understanding of how to structure your major life direction and those of others gives you a directorial slot in a relationship but won't necessarily make you boss, but rather the navigator instead. You know what lies ahead and can shape it.

*Mercury Trine Jupiter Orb: 02°30'*

It may often be hard to put your thoughts into action, particularly when impatience gets in the way and tangles things up. Good advice from another may grease the wheels if you are willing to take it, but mind your temper and watch your words.

*Mercury Square Mars Orb: 04°25'*

The urge to express yourself strongly may be hard to overcome at times, but put a cork on it in the absence of a close, understanding partner. What you just know to be right could be dead wrong, so don't expose your flank to your enemies or rivals.

*Mercury Opposite Pluto Orb: 05°00'*

You have a far-ranging imagination, but one that does not leave reality behind, so you can be a wealth of practical fantasy for your partner. Spiritual feelings can be well-expressed as well as felt within, making them doubly rewarding and sharable.

*Mercury Trine Neptune Orb: 06°54'*

## Chapter IV. Inner Needs - Desires - Sexuality

### Key Quality

Your desires are diverse, but not flighty, and you're ready for a second helping of anything, as long as it's not the only thing being served. You know your desires well, but for this reason may find it difficult to get completely enthralled in any one.

*Venus in Aquarius*

### Key Activity

Good, well-constructed material things have an innate appeal and satisfaction to you - and since you value them, you will tend to use them as communication of admiration or affection in the form of gifts, tokens, etc., which speak louder than words.

*Venus in Second House*

### Chapter Highlights

You project a very warm, heartfelt quality because you are usually consistent in your inner direction and your personality style compliments your aims and desires. An open hand goes with an open heart, but keep a guard in reserve for insurance.

*Sun Conjunct Venus Orb: 00°08'*

A tendency to cut off your pleasures before you have enjoyed them to the fullest may leave you unsatisfied and a partner who will insist you go an extra mile will do you good. There is every profit in relaxing and letting yourself go, so go to it.

*Venus Square Saturn Orb: 00°11'*

You have an easy style of reception and desire, knowing just how much you want in a relationship and just how much you can get, the two usually being rather closely matched. The ease of friendship is more familiar than the pain of unrequited desire

*Moon Sextile Venus Orb: 04°20'*

## Chapter V Energy - Drive - Activity

### Key Quality

You are cautious to involve yourself, but once you do, you go for the depths, where danger and intrigue lead you on rather than deter you. Once committed to an action, you will see it through, no matter what the personal consequences to anyone.

*Mars in Scorpio*

### Key Activity

You strive for the very best and much energy may be spent developing a 'quality relationship'. Just make sure that the interior you develop is as good as its facade, lest in the end it be best for others' eyes only and not for your heart.

*Mars in Eleventh House*

### Chapter Highlights

A buried fear that your actions might get you into serious problems makes you over-compensate and try to take greater control of the situation than needed. Since this may lead to anger or confrontation with others, relinquish control where you can.

*Mars Square Pluto Orb: 00°34'*

Spontaneity tempered with good sense, even timing allow you to go to the edge and pull yourself back effortlessly, but others may not be so skilled and, following your example, pitch forward to disaster. Keep a watchful eye on your close companions.

*Mars Trine Uranus Orb: 03°16'*

It may often be hard to put your thoughts into action, particularly when impatience gets in the way and tangles things up. Good advice from another may grease the wheels if you are willing to take it, but mind your temper and watch your words.

*Mercury Square Mars Orb: 04°25'*

## Chapter VI.   Expansiveness - Growth - Success

### Key Quality

You prefer to develop a relationship in as many directions as it can sustain more or less at the same time. It is not necessary to achieve depth (which will come in time) before moving on to enrich the experience. Slower partners may get left behind.

*Jupiter in Gemini*

### Key Activity

You have a knack for getting a lot of things done and out of the way which would be a bother to others -- you can bring people together at menial tasks (like a corn shucking) and give them a special sense of community togetherness, group purpose & joy.

*Jupiter in Sixth House*

### Chapter Highlights

You are likely to be able to maintain a sunny, favorable reputation without particularly working hard at it. Compliments not necessarily to your face will come easy, but not so much that you will not have to work to maintain your image.

*Jupiter Trine Midheaven   Orb: 00°46'*

A native understanding of how to structure your major life direction and those of others gives you a directorial slot in a relationship but won't necessarily make you boss, but rather the navigator instead. You know what lies ahead and can shape it.

*Mercury Trine Jupiter   Orb: 02°30'*

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

*Sun Trine Jupiter   Orb: 07°40'*

## Chapter VII. Seriousness - Concentration - Limitations

### Key Quality

Your innermost security is based on solitude and communion with yourself, which is best not shared with a partner. However close a relationship becomes, you will need that still inner sanctum for your own strength and for lending strength to others.

*Saturn in Scorpio*

### Key Activity

Whatever people hear about you is likely to stick for a long time, so don't burst into public unprepared. Once there, your lasting image may disallow more personal encounters where others cannot see the vulnerable and changing you. Open up for them.

*Saturn in Tenth House*

### Chapter Highlights

Lack of confidence in personal relationships is your greatest stumbling block, fueled by a shortage of inner self-esteem. Both who you are and what you do are better than you think, so try listening to others' critiques instead of your own jeremiads.

*Sun Square Saturn Orb: 00°03'*

A tendency to cut off your pleasures before you have enjoyed them to the fullest may leave you unsatisfied and a partner who will insist you go an extra mile will do you good. There is every profit in relaxing and letting yourself go, so go to it.

*Venus Square Saturn Orb: 00°11'*

## Chapter VIII. Originality - Spontaneity - Independence

### Key Quality

You have a tendency to hide your deepest opinions of others until you have become very close to them. This hesitance of self disclosure may prevent you from getting close to begin with, so you can probably be more free with your insights about others.

*Uranus in Cancer*

### Key Activity

You will doubtless, throughout your life find yourself attracted to and involved with unusual, fringe sort of personalities of whom your friends may not approve. From these you will draw your own originality and most of your wildest good times, too!

*Uranus in Seventh House*

### Chapter Highlights

What people say about you will be largely the product of their own fantasies and may have little to do with the real you. Thus you can freely manipulate your press coverage, but may have a hard time getting people to believe the real story.

*Uranus Square Midheaven Orb: 02°54'*

Spontaneity tempered with good sense, even timing allow you to go to the edge and pull yourself back effortlessly, but others may not be so skilled and, following your example, pitch forward to disaster. Keep a watchful eye on your close companions.

*Mars Trine Uranus Orb: 03°16'*

Where you believe life is leading you and where you actually wind up may be rather different, but do not reject who and what you are because it isn't what you expected (an easy mistake). Take what's there as a bottom line & build your dreams there.

*Uranus Square Neptune Orb: 05°45'*

## Chapter IX. Imagination - Ideals - Spirituality

### Key Quality

If there is anything you most desire in a relationship, it is fairness and justice and equality. Unfortunately, it is hard to get them to come together at the same time: fairness to one is tyranny to another. The art of loving compromise is the way.

*Neptune in Libra*

### Key Activity

You may find that the outside world's perception of you is quite different than what is going on within, so your professional life may turn out to be your own efforts at perpetuating others' fantasies about you. Conscious manipulation of goals is a must

*Neptune in Tenth House*

### Chapter Highlights

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

*Neptune Sextile Pluto Orb: 01°55'*

Others tend to dust your image with their imagination, so you are frequently viewed through rose-colored glasses, as someone who will fit into the best of fantasies. That tends to be a self-fulfilling prophesy, which is highly favorable for you.

*Neptune Sextile Ascendant Orb: 03°38'*

Where you believe life is leading you and where you actually wind up may be rather different, but do not reject who and what you are because it isn't what you expected (an easy mistake). Take what's there as a bottom line & build your dreams there.

*Uranus Square Neptune Orb: 05°45'*

You have a far-ranging imagination, but one that does not leave reality behind, so you can be a wealth of practical fantasy for your partner. Spiritual feelings can be well-expressed as well as felt within, making them doubly rewarding and sharable.

*Mercury Trine Neptune Orb: 06°54'*

## Chapter X. Compulsiveness - Fate - Mission

### Key Quality

You are of a generation that believed it could change the world through belief, determination and sheer right. Although the mark was made, you thought you were in charge -- and that was your loss, for no one ever is. We have but to influence for better.

*Pluto in Leo*

### Key Activity

You have a strong inner feeling that the greatest powers lie deep within you and that nothing should be stinted in locating them and developing them. A partner of like devotion will be invaluable in this area where it is all too easy to get lost.

*Pluto in Eighth House*

### Chapter Highlights

A buried fear that your actions might get you into serious problems makes you over-compensate and try to take greater control of the situation than needed. Since this may lead to anger or confrontation with others, relinquish control where you can.

*Mars Square Pluto Orb: 00°34'*

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

*Neptune Sextile Pluto Orb: 01°55'*

The urge to express yourself strongly may be hard to overcome at times, but put a cork on it in the absence of a close, understanding partner. What you just know to be right could be dead wrong, so don't expose your flank to your enemies or rivals.

*Mercury Opposite Pluto Orb: 05°00'*

Strength without pushiness, forcefulness with ease allow you to thoroughly define and defend your space without impinging on others' territories. Use it to defend others where they are vulnerable as well as being a shield for your own interests.

*Pluto Trine Ascendant Orb: 05°33'*
